

# Prep

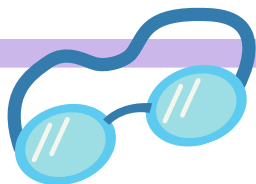

## Term 1: Curriculum Overview

### English

This term in English, students will listen to and read texts to explore predictable text structures and common visual patterns in a range of texts. They will orally retell a favourite story including the main events and characters. Students will begin to segment and blend words orally to develop their awareness of sounds in words.

### Science

In Science, students will use their senses to observe the needs of living things, both animals and plants. They will begin to understand that observing is an important part of science and that scientists discuss and record their observations.

### HPE

In HPE, students will develop their water confidence, buoyancy techniques and mobility skills.

### Maths

This term in Maths, students will begin to recall counting in ones and identify numbers in the environment. They will recall counting sequences through daily counting and hands on activities. Students will explore measurement by comparing objects using mass, length and capacity. Students will begin to group objects based on common characteristics. They will sort, describe and name familiar two-dimensional shapes.

### HASS

This semester, students will explore the inquiry question 'What is my history and how do I know?' To do this, students will learn about the nature and structure of families. The content will then move into exploring important events celebrated in their lives and identify how people and objects help them to remember.

### The Arts

In Drama, students will make and respond to drama by exploring familiar and imagined places as stimulus for process drama and dramatic play. They will use voice, facial expression, movement and space to imagine and establish role and situation.

In Music, Students will explore songs and rhymes as stimulus for music making and responding. They will be exposed to untuned percussion instruments and basic musical notation.

In Visual Arts, Students will be explore ideas and make observations to create a range of artworks. They will be introduced to Art elements and experiment with wet and dry mediums to create a body of work based on an insect theme.
